

# LORE-EL CENTER

802 CASTLE POINT TERRACE  
RESIDENTIAL PROGRAM INFORMATION SHEET

The Lore-El Center is a beautiful, Victorian-style home built in 1914 with a unique living and learning experience for undergraduate women.

## Special Features of the Lore-El Center

- Thermostat in each room to control room temperature
- Reduced meal plan requirement
- Central air-conditioning
- Bathrooms on all floors
- Cozy student lounge
- Fully networked for computer access and cable TV
- Kitchenette and laundry facilities
- Quiet atmosphere
- Community-oriented environment
- Self-governing living and learning center

## On and Off Campus Programs

Lore-El residents will be required to participate and assist in coordinating the following programs:

- **Zoom**

Zoom is an educational program that airs on PBS. The cast of children performs educational but fun experiments and encourages viewers to follow along. The Zoom into Engineering as well as the ZoomSci program parallels the television show. The program puts engineers and scientists in elementary school classrooms. They increase awareness of the career field while working through simple experiments with the students. The exercises are adjusted to be appropriate for different grade levels. Students are also introduced to the scientific method. For more information, visit [www.zoom.org](http://www.zoom.org).

- **Women's Resource Center**

All residents will be required to work four (4) hours a week for the Women's Resource Center. This is an opportunity to expand the residents' research and customer service skills while creating handouts, programs, and support on various women's issues.

## Community-Oriented and Self-Governing Environment

Lore-El residents and staff work as a team to do the following:

- Care for their home
- Ensure their safety
- Ensure security of the building
- Cultivate a sense of community that enhances the living and learning experience for all residents
