

**NIH Principal Investigator Assurance of Compliance Statement**  
**Stevens Institute of Technology**  
**Effective May 10, 2006**

Effective May 10, 2006 NIH is no longer requiring the signature of the Principal Investigator (PI) as a part of applications, post-submission information, progress reports, and post-award prior approval requests. NIH is transferring the responsibility to the University as a new Institutional compliance requirement to secure and retain the PI(s) signature as part of the institutional review/approval process. Please complete this form and physically submit it to OSR with *each* action listed below:

<b>Submission Type</b>		<b>Stevens Account Number:</b>
<input type="checkbox"/>	New competing NIH grant application	N/A
<input type="checkbox"/>	Progress Report	
<input type="checkbox"/>	Prior Approval Request	

**Title of Project/Proposal:** \_\_\_\_\_

**NIH requires the certification of the following language:**

I (we) certify:

1. That the information submitted within the application is true, complete and accurate to the best of my (our) knowledge;
2. That any false, fictitious, or fraudulent statements or claims may subject me (us) to criminal, civil, or administrative penalties; and
3. That I (we) agree to accept responsibility for the scientific conduct of the project and to provide the required progress reports if a grant is awarded as a result of the application.

When multiple PIs & CoPIs are proposed in an application, this assurance must be obtained for *all* named PIs and CoPIs.
