Submitted Reports

President: Great work last week following Robert's Rules and using them to keep our meetings as efficient as possible. Over the past several years the SGA has acted as trustee for campus. We have done what we thought was best for the rest of the student body, but have not reached out to find what they want or need. Over the next two weeks I will be working to outline a survey to give to our constituents to discover what changes they would like to see on campus. If anyone is interested please contact me after the meeting.

Academic Affairs Committee: We met with the Provost to go over some potential goals for the coming year, got some good yays on ideas like being involved in the hiring process. Also, we met with Siva to go over the course surveys and are pushing for that information to be completely compiled and released to the general population.

Campus Life Committee: The next Campus Life Committee meeting will be held Wednesday at 5:30 in the conference room in the library. After spring break the meeting time will be moved up to 5 in order to better accommodate those taking night class.
