

## **Executive Summary**

Welcome to the wonderful world of Disney! This paper offers a detailed submission to the ImagiNations competition – a contest held by the Disney Imagineers for undergraduates. The objective is to create an innovative attraction being it a ride, restaurant, hotel, or a land within an existing Disney theme park. The proposal for this submission creates the country of Australia within the World Showcase in Epcot. This area hasn't been updated since its opening in 1982 and we feel it's time for a facelift. Overall, the variety of experiences and elements in the Australia Pavilion provide an exciting and educational experience for all. Guests discovering the Australia Pavilion take away an authentic and thrilling learning experience, second only to visiting the country/continent itself.
