December 12, 2014

To the Stevens Community:

This fall marks the completion of the second year of implementation of our Strategic Plan, *The Future. Ours to Create*. As you know, we are carefully and, where possible, quantitatively, monitoring progress toward the 46 goals specified in our ambitious 10-year plan adopted in 2012. I am pleased to share with you a report that captures the progress our community has made in Year 2 of implementation. Overall, our progress is impressive in the six broad categories we are pursuing: Undergraduate Studies and Experience, Graduate Studies and Experience, Research and Scholarship, Culture and Governance, Internal Bridges and External Bridges.

Please take a few minutes to review the Year 2 Strategic Plan Implementation Report at: <http://www.stevens.edu/sit/president/strategic-plan> and feel free to send your thoughts and comments to me at nariman.farvardin@stevens.edu. Together, we are making substantial advancements in our drive to become a premier, student-centric research university.

Per aspera ad astra,

Nariman Farvardin
President
