Construction Alert

Date: August 4, 2017

Project: Carnegie Power Plant & Lieb Building Abatement

Project Duration: Monday, August 7, 2017 – Monday, September 18, 2017

On Monday, August 7, 2017, asbestos abatement and removal work will begin in the Carnegie Power Plant and Lieb Building to prepare the buildings for demolition.

This work is being performed by a licensed asbestos abatement contractor. A certified asbestos safety control monitoring firm will be on site for the duration of the project to ensure that the work is performed in compliance with applicable regulations and according to the highest levels of safety standards. Air samples will be collected for the duration of project to ensure that the control measures being taken are effective. The work site will be fully contained and inaccessible during the abatement project and will undergo a rigorous inspection process throughout and at the conclusion of the project to ensure the safety of the workers and the community.

Work will be performed between the hours of 8:00am-6:00pm in compliance with the City of Hoboken’s work hours.

This project will conclude on Monday, September 18, 2017.
