Construction Alert

Date: August 18, 2017

Event: Closure of Portion of Sixth Street Beginning Thursday, August 24, 2017

Event Duration: Thursday, August 24, 2017 for approximately 21 months

As you know, Stevens will soon begin construction of the Academic Gateway Building. In order to mitigate impacts of construction on Hudson Street and the neighboring community, construction of this project will be orchestrated from west of the building site including the portion of Sixth Street from River Terrace to Hudson Street. Therefore, the portion of Sixth Street from Hudson Street to River Terrace will be closed during the construction period starting on Thursday, Aug. 24, 2017. A construction fence will be erected around the site for public safety reasons. Only construction vehicles will have access to the site, and pedestrian and through traffic will be prohibited. Pedestrian access from River Terrace will be redirected to Fifth Street.

During the construction period, parking will not be affected on Hudson Street, and no construction deliveries will be routed on Hudson Street. In addition to adhering the City’s requirements and fees when parking is removed for construction, Stevens is offering overnight parking in its Eighth Street lot to Hudson Street residents with a valid Hoboken parking permit who live between Fourth and Eighth Streets. The overnight parking option offers residents parking between the hours of 9 pm and 7 am, after the end of graduate classes and before the arrival of employees. This option is available seven days per week. Read the Neighbor Parking Program letter and application for additional information and eligibility details on this option.

Also to ensure safety during the construction period, the Hoboken Police Department and Office of Emergency Management have determined that there will be limited access to River Terrace on days when construction is taking place (Mondays through Fridays from 7 am – 6 pm). Regular parking rules will be in effect after 6 pm on Monday through Friday and on weekends.
