Please print or type. The primary purpose of this form is to lay out the courses required to complete your degree program and when you expect to take each of them. You may then use it to track your own progress to the degree. You should revise it as needed. Please indicate the term when you expect to take each course (e.g., 2015F, 2016S, etc.). Roman numerals indicate the standard curriculum time schedule. If a choice of course is given for the requirement, circle the appropriate course number. For electives, fill in the course number. Any course taken elsewhere should be marked TR. An additional study plan will be required if any of you wish to receive a minor or a second degree.

Notes:

1. Humanities Requirement - Six additional humanities classes. At least one must be at the 100 or 200 level, at least one must be at the 300 or 400 level, and courses must cover at least two different disciplines within CAL.
2. Technical Elective. Pre-approved choices include (Fall: MA 134, 360, and 450), (Spring: MA 134, 230, 335, 361, 442, 499), MA 463, 503, 560. Other courses may be used with advisor's approval.
3. General Education Electives – Chosen by the student – can be any approved 3 or 4 credit course used towards a minor, major concentration, research, independent study, language courses, or a course taken during an international experience.
4. These are the Core technical courses specific to the Pure and Applied Mathematics program.
5. Thermodynamics can be either CH 321 or E 234.
6. Economics can be either BT 243 (Macro) or BT 244 (Micro). The second Economics course can be used as a upper-level humanities elective.
