How can On Call International help?

Contact the Global Response Center if you experience a medical, personal, travel or safety problem or crisis. Your institution has partnered with On Call to provide access to immediate support should you experience any challenges when you are traveling. On Call provides you with a resource experienced in navigating through any crisis and making sure you can continue your trip, or get home safely. On Call assists during critical emergencies such as illness or injury that may require an evacuation or during a political or natural disaster event that may threaten your safety. On Call also assists with smaller problems you may not realize you have a resource for. Review a summary of services on the following pages.

If you are, or will be, hospitalized following an accident or illness that occurs while traveling, contact the On Call Global Response Center as soon as possible. On Call will facilitate payment of your medical expenses. In the event the medical facility you are in is not adequate to treat you, On Call will arrange for your medically supervised evacuation to the closest appropriate facility.

Inpatient medical expenses should be pre-certified by On Call; however, if you are unable to contact On Call while you are hospitalized and you self-pay your inpatient medical expenses, you can submit a claim for reimbursement of covered expenses. Along with your completed claim form, an explanation of the emergency and what prevented you from notifying On Call should be included.

If you need an outpatient or physician appointment for an accident or illness, you can contact the On Call Global Response Center to make an appointment and arrange payment of your medical expenses prior to your visit, this means no out of pocket expenses for you. There is no specific network, so if you choose to make your own appointment and self-pay the medical expenses, you can submit a claim for reimbursement consideration.

In the event of a political or natural disaster event which threatens your safety, contact On Call immediately. You will be connected to a security professional who can provide immediate advice to maintain safety and then assess your situation to determine appropriate next steps.
